SAYS COLD WEATHER BRINGS RETURN OF INFLUENZA

Public Must Be Careful to
Avoid a Second Epidemic.
Easier to Prevent Than
Cure—What to Do.

"Encouraging reports of the fewer
cases of influenza in this vicinity should
not allow us to relax our vigilance or to
become careless in the belief that the
danger is all over," says a well-known
authority. With the coming of cold
weather there is apt to be a return
of the frightful epidemic and its seri-
ousness will depend on the extent of
the precautions taken by the public to
prevent infection.

When the air is full of influenza
germs, you may be constantly breath-
ing them into your nose and throat.
But their danger may be avoided and
you may make yourself practically im-
mune to infection if you destroy the
germs before it actually begins work in
your blood.

During the recent serious epidemic,
which hit Chattanooga so hard, most
successful results were obtained by
many through the simple breathing into
the nose, throat and lungs of the medi-
cated air of oil of Hyomei. Probably
no better, safer or more sensible pre-
caution against influenza, Grippe,
Coughs, Colds, Bronchitis or Catarrh of
the nose and throat could be employed
than to go now to the nearest drug
store and get a complete Hyomei out-
fit consisting of a bottle of the pure
oil of Hyomei and a little vespertone
hard rubber inhaling device into which
a few drops of the oil are poured.

Carry this inhaler with you during
the day and each half hour of so put
it in your mouth and draw deep
breaths of its pure healing germicidal
air into the passages of your nose,
throat and lungs to destroy any germs
that may have found lodgment there.
This simple precaution may have you
serious illness and the loss of several
weeks' work. It is pleasant to use and
not at all expensive as the inhaler will
last a lifetime and further supplies of
the Oil of Hyomei can be had at any
drug store for a few cents.

Hundreds of people in this vicinity
used Hyomei in this way during the
recent crisis and avoided danger. They
should not neglect it now for the dan-
ger is by no means over. Jo Anderson,
druggist, Chattanooga, Tenn.—(Adv.)

SEATS NOW ON SALE

300 WORKMEN ON BOULEVARD SHORTLY

**ACTUAL CONSTRUCTION OF
ROSSVILLE ROAD BEGUN.**

To Be Built on Cost-Plus Basis
and Should Be Finished
in Few Weeks.

The construction of the Rossville
boulevard between Rossville and the
city limits will cost approximately
\$180,000, will employ a force of 300
men and will entail the use of 20,000
tons of sand and gravel and several
thousand barrels of concrete. Thus
estimates I. W. Merrill, of the Mer-
rill Road Improvement company, who
has the contract.

The road will be built upon a cost-
plus basis.

A twenty-foot strip in the middle
of the thoroughfare will be built of
concrete, seven inches thick in the
center and six inches on the edges.
On each side of the concrete, extend-
ing to the curb, the road will be built
of bituminous asphalt three inches
thick.

Work is beginning on the actual
construction, practically all of the
materials have been ordered, and the
road will rapidly be made into one
to be proud of. The force at work
now is small, but Mr. Merrill stated
that it will be increased to 300 in a
short time.

The work should be finished in a
few weeks, provided weather condi-
tions continue as favorable as they
have been lately. Usually concrete
work is hampered in cold weather by
freezes, but as the temperature is at
present, there would be no interrup-
tion of labor on that account.

The sand and gravel will all be as-
sured from the Tennessee river and
brought to Chattanooga by the boats
of the navigation company.

ward H. Hasset, Frankfort, N. Y. "My
children have been quickly relieved
of attacks of this dreadful complaint
by its use." This remedy contains
no opium or other narcotic, and may
be given to children as confidently as
to an adult.—(Adv.)

PICK OF BERLIN SLEUTHS SHADOW EX-EMPEROR

London, Dec. 13.—Several
scores of detectives, the pick
of former Emperor William's
forces of sleuths at Potsdam, are
staying at a fashionable hotel, shad-
owing every movement of Herr
Hohenzollern, according to the
American correspondent of the
Express who claims to have
talked with some of these
men. Herr Hohenzollern is said
to be in constant dread of
bomb throwers and other as-
saults, and always carries a
small revolver.

The former emperor's suite
and detectives have added at
least 100 to the population of
the village of Amerongen, the
correspondent states.

The work should be finished in a
few weeks, provided weather condi-
tions continue as favorable as they
have been lately. Usually concrete
work is hampered in cold weather by
freezes, but as the temperature is at
present, there would be no interrup-
tion of labor on that account.

The sand and gravel will all be as-
sured from the Tennessee river and
brought to Chattanooga by the boats
of the navigation company.

BODY SENT HOME

John Henley, of Rossville, Dies in New
York.
The body of John Henley, who died
while serving in foreign waters, has
been forwarded to Rossville, where
arriving here yesterday. The
body arrived in excellent shape. Henry
was machinist's mate, second class,
and had been in the navy eight years.
He was serving on the U. S. S. New
York when he died. First notice of
his death of the sailor was received
in a letter by Nov. 3, a
week after it occurred. Besides his
wife, Mr. Henley's daughter and his
mother, Mrs. James Henley, of East
Lake survive him. He is also survived
by five brothers and four sisters. The
funeral will be conducted according
to military regulations.

BERLIN OPTIMISTIC

Arrival of Troops May Save Govern-
ment.
(London Times-Phil. Ledger Cop. Cable.)
The Hague, Dec. 12.—Dr. Karl
Liebknecht regards the arrival of
troops in Berlin as destroying the
last chance for overthrowing the gov-
ernment. An optimistic feeling is in
Berlin at present.

Break Up Meeting
Copenhagen, Dec. 12.—The guard
troops entering Berlin on Tuesday
carried the black, white and red
flags instead of the revolutionary
flag. Also they wore cockades.

A democratic meeting in Leipzig
was violently broken up by sailors
and independent socialists. The
audience was forced to flee.

ANARCHY IN BALTIC

Provinces Menaced by Riots—Bolsheviks
Control.
(London Times-Phil. Ledger Cop. Cable.)
Copenhagen, Dec. 12.—The Na-
tion publishes a letter from a Dan-
ish woman who flew from Reval on the
last steamship to Helsinki, describ-
ing the situation in Estonia and Liv-
onia as desperate. The German soldiers'
council resolving on a return home, the
soldiers began precipitately to leave of
their own accord. The officers lost all
authority, while the bolsheviks gained
courage and street riots followed.

The military authorities speedily
transferred the power to the same red
leaders whom they themselves had dis-
carded in the spring. The red leaders
distributed the arms handed over by
the Germans to anybody who applied.
The rowdy elements poured forth to be
supplied, while the bourgeois classes
were denied.

Thus an army of 25,000 was formed.
It is expected that soon will replace
the present government with one that is
purely bolshevik. The Russian bolshe-
viks are at the front, and it is most
likely that the Estonian troops will
join instead of fighting them.

The catastrophe comes near meaning
the death and destruction of all the
civil elements. All the moderates in
all the nationalities and parties are trust-
ing in help from England and the
salvation, but if it does not come speed-
ily it will be too late.

FIRE IN FLOWER STORE

Joy's Floral Establishment Damaged
by Early Morning Blaze.
Friday morning at 3 o'clock the
building occupied by Joy's Floral es-
tablishment, 721 Market street, caught
fire. However, it was extinguished
before much damage was done. The
engines Numbers 1, 3 and 6 were on
the scene a few minutes after the
alarm was turned in.

All of the supplies stored away in
the room where the fire started were
burned and the ceiling of the rear
of the building was very badly dam-
aged. The damage to the front part of
the store was not greatly damaged ex-
cept from the chemical and the water.
The building is the property of the
Signal Amusement company and prac-
tically covered by insurance, as well
as the supplies of the Joy's Floral
company.

The extent of the damages in the
offices of the Amusement company was
the burning out of the flooring of the
offices, and the demolishing of the
furniture. This was the office occu-
pied by E. A. Booth, assistant manager of
the Signal Amusement company.

A singular incident that occurred in
connection with the fire is that Mr.
Joy, owner of the Floral establish-
ment, had been in Chattanooga for
two or three days arranging the stock
for the holiday and he returned to
his home in Nashville on 3
o'clock train Friday morning and two
hours after he had made his depar-
ture the fire was arriving in the
front of the store. Joy was called by
wire and is expected on the 1 o'clock
train. None of the Christmas wreaths
and novelties in the windows were
damaged.

READY FOR PRESIDENT'S ENTRY INTO PARIS

**FINISHING TOUCHES PUT
ON MURAT PALACE.**

President Will Be Invited to
Visit Lepuy, Birthplace
of LaFayette.

(London Times-Phil. Ledger Cop. Cable.)
Paris, Dec. 12.—Preparations for
the president's reception in Paris are
complete. Mr. Wilson's quarters,
Prince Murat's splendid mansion,
overlooking the Park Monceau, has
had the finishing touch put on modifi-
cations rendered necessary in the
house to accommodate such a large
party. On the ground floor on which
opens the state staircase are three
salons, a ballroom and a spacious
diningroom hung with Gobelin
tapestries. On the first floor is the
study in which the famous painting
of Daphne and Chloe by David, with
another salon, which will form the
president's workroom. In this are
portraits of Murat and his family by
Detaille.

The president will have Prince
Murat's bedroom furnished in the
Empire style. The princesses' salon
will be given to Mrs. Wilson. It con-
tains a magnificent collection of
Sevres and Dresden china. Next to
this salon are the Louis Seize bed-
room and a beautiful boudoir.
Princess Murat has many precious
Napoleonic relics. Nothing has been
removed, and President and Mrs.
Wilson will have an ideal residence,
quiet and restful in the midst of the
busy capital. Communication with
the outside world is insured by a
telephone switchboard with a hun-
dred lines and with American lines
less than the Eiffel tower.

The consul-general of the depart-
ment of Haute Loire has decided to
invite the president to visit Lepuy,
where is LaFayette's statue, and the
Chateau de Chateaugay, where the
general was born. President Poin-
care and Premier Clemenceau will be
invited to accompany President Wil-
son.

The council has voted \$20,000
for fees in honor of the event. The
general labor federation and the
socialist party have issued an appeal
to work-a-day France and to the
workers of Paris, who have so often
fought for liberty, to thank Presi-
dent Wilson and make him feel that
he was with him the hearts of mil-
lions of men and women in the task
he has set to accomplish. To Presi-
dent Wilson their presence in the
streets on Dec. 14 will mean "for in-
ternational justice, for a society of
nations which will make all peoples
equal in rights and duties and for
lasting peace."

LAYING THEIR WIRES

Candidates for Marshal Grow More
Active.
The entrance of Hon. J. Frank White,
of Cumberland Gap, into the race for
United States marshal for the East
Tennessee district has placed a formi-
dable candidate in the field, so his
friend say, and his candidacy has placed
a different aspect on the outcome of
the race. Mr. White, it is understood, is

now in Washington in the interest of
his candidacy, and was able to carry
with him some strong endorsements.
However, friends of the present United
States marshal, J. R. Thompson, of
Dayton, say that he will be reappointed
in recognition of his faithful service.
It is stated by knowing ones that the
appointment of Marshal Thompson
would be the solution to the strong
three-cornered fight being made by E.
H. Williams, of this city; J. Frank
White, of Cumberland Gap, and Parks
Worley, of Bristol. The term of Mar-
shal Thompson expired last spring, but
he has been holding over in the absence
of an appointment. Mr. White and Mr.
Williams both are former members of
the legislature, and Mr. Worley has
been several times a member of the
lower house and is at present a member
of the state senate from Sullivan coun-
ty. All three are warm supporters of
Senator John E. Shields, whom it is
stated will control the appointment.
However, as Senator Shields is known
to have had his share of patronage and
is known not to stand so high in the
councils of his party since his vote
against the suffrage amendment, which
was in direct contrast to the president's
wishes, it is stated that it is likely Sen-
ator Kenneth D. McKellar will have a
say as to who shall be East Tennessee's
marshal.

PUTS BAN ON IN NORTH CHATTANOOGA

**INFLUENZA IN SUBURB
CAUSES ACTION.**

Schools and Churches Will
Continue, but Entertain-
ments Are Forbidden.

On account of the prevalence of
influenza in North Chattanooga,
Mayor J. Read Voigt Friday morn-
ing placed a ban on all public enter-
tainments until the situation im-
proves. The schools will continue
and churches will hold their regular
services. The cases of "flu" in North
Chattanooga are practically all of a
mild nature. The action of Mayor
Voigt was taken in an effort to pre-
vent the spread of the malady.

office until the president returns, and
all that the candidates are now doing is
to lay their wires against the homecom-
ing of the president.

DEMobilIZATION PLANS.

Nashville, Dec. 12.—(Spe-
cial.)—A telegram from Wash-
ington to Maj. Rutledge Smith,
chairman of the state council
of defense, contains interest-
ing information regarding the
demobilization of the soldiers.
The message reads to the ef-
fect that returning soldiers
will be given one month's pay
plus transportation allowance
of 3 1-2 cents per mile from
point of demobilization to
home towns. Their railroad
tickets will cost 2 cents a mile
by direct route. Demobiliza-
tion will be from nearest army
camps to home section of a
majority of the men in each
unit.
